

PLANNED METRA SERVICE CUTS

South Shore and South Chicago

- Weekday evening service ending 4 hours earlier
- No rush-hour train getting downtown right at 9am
- Less Saturday service (1/3 of trains cut)

THESE SERVICE CUTS:

- Are being made to increase Hyde Park service
- Harm commuters and local businesses
- Are not offset by bus service, which isn't an adequate substitute late at night or in bad traffic
- Will reduce ridership leading to future cuts

OPPOSE THESE SERVICE CUTS:
